Description

This simple and fast method of making lots of identical pompoms at the same time really opens up the potential uses. Also the range of applications of pompoms. We may recall childhood memories of cutting circles of card to make just 1 pompom, and other pom-pom makers on the market might simplify this process. However, only the Multipom enables you to make up to 20 identical pompoms at a time, any size between 1 cm and 12 cm diameter, using any yarn
